

EASY ROLL

- ❑ Roll-up track for gymnastics and cheerleading
- ❑ The cut-foam backing is designed so that it can be rolled up easily without having to turn it over
- ❑ Quick and easy installation make it ideal for use in schools and leisure centres
- ❑ High degree of shock absorption
- ❑ Possibility to create multipurpose gymnastic areas by joining tracks using hook and loop (available optionally, please contact us)

TECHNICAL FEATURES

Consists of:

- ❑ Made from 30 Kg density polyethylene foam
- ❑ 5mm thick carpet heat laminated to the foam

References available:

- ❑ **Ref. 6165** - 14 x 2 m (l x w). Thickness = 4 cm.
Rolled-up size: Ø = 100 cm.
- ❑ **Ref. 6166** - 7 x 2 m (l x w). Thickness = 4 cm.
Rolled-up size: Ø = 75 cm.

=> To be used only on solid floor base – the track should not be used on sprung floor bases to ensure longer life.
